# Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is  
circulation consulted.

TO BE EXACT by actual survey in twenty-four  
average American cities by actual count  
each City Directory averaged three and  
one-half consultations for each business  
day.

TO BE CONSERVATIVE we will eliminate the  
sixty Sundays and Holidays when no  
tests were made.

FOR EVERY THOUSAND DIRECTORIES sold  
there will be an average of three and  
one-half consultations for each book for  
THREE HUNDRED and FIVE days, there-  
fore  $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$ .

## PUBLISHERS NOTE

This directory contains public information gathered by an actual door-to-door canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

# INTRODUCTION AND GENERAL INDEX

---

R. L. POLK & CO., publishers of more than 1,400 city and suburban Directories, present to subscribers and the general public, this, the latest edition of the Waltham City Directory.

Confidence in the growth of Waltham's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting cities and communities to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the City Directory will fulfill its mission as a source of authentic information pertaining to the area.

## Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, the fourth major department, is printed on blue paper.

### Community Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for reference as perpetual and reliable advertisements.

### The Waltham Directory Library

Through the courtesy of the publishers of the City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

### HISTORY

Incorporated as a town in 1738.

Voted to apply for City Charter November 30, 1883.

Incorporation act approved June 2, 1884.

Accepted by town July 16, 1884.

Election of first Mayor and Aldermen December 2, 1884.

Inauguration of first Mayor January 5, 1885.

Situated on the beautiful Charles River, nine miles west of Boston, the rich and fertile plain on which stands the present city of Waltham was called "Eden Vale" by the earliest settlers.

In 1738, this area, which then comprised the Western Precinct of the town of Watertown was incorporated as a separate town and named Waltham, but it was not until the establishment of a paper mill in 1788, that it became anything more than an agricultural community.

Additional information of the history of Waltham and the many historical points of interest can be obtained from the Waltham Historical Society, located at the Lyman House (The Vale) on 185 Lyman Street. Information is also available at the Waltham Public Library and the Chamber of Commerce.

### Gore Place

One of the early Governors of Massachusetts, Christopher Gore (1809--10), built a magnificent house (1805) with bricks brought from England, and surrounded it with imported shrubs and trees. The property, especially the house and immediate grounds, is being restored to its former grandeur and historic attractiveness by the present owners, the Gore Place Society. Open April 15--November 15.

Gore Place, Waltham, Massachusetts.

**Lyman House**

**Lyman House (The Vale)**

This magnificent and unsurpassed country residence has been presented to the Society for the Preservation of New England Antiquities through the generosity of five children of the late Arthur and Susan C. Lyman, descendants of the original Theodore Lyman. It is located on Lyman Street at its junction with Beaver Street. Erected in 1793 by Theodore Lyman, a Boston merchant, "The Vale" was designed by the noted American architect Samuel McIntire. Several features of the spacious building reveal Bulfinch's influence on the great Salem architect of that day, McIntire. The house is a central motif of an estate with spacious lawns, old and modern greenhouses and many attractive shrubs, flowering vines, plants and trees, some of the latter being 200 year old specimens. The place is open for inspection from early June until the middle of September with a nominal charge of admission to help maintain the interesting estate.

The historic Robert Treat Paine House located off Beaver Street in Waltham has been designated as a National Historic Landmark. The estate, also known as Stonehurst, was designed by renowned architect H. H. Richardson and was constructed as an addition to the earlier 1886 Italianate residence. The 104 year old house has been renovated by the City of Waltham and is available for social and civil functions.

### **Boys' and Girls' Club of Waltham**

One of the nation's finest youth centers occupied 38,000 square feet of land on Exchange Street, a short distance from Central Square. Valued at an estimated million dollars, the Waltham Boys' Club was erected for \$680,000 on a "self--help" plan designed to make two dollars do the work of three. Citizens raised \$190,000 in a capital fund drive and by self--help qualified for matching dollar assistance from the Charles Hayden Foundation to complete the facility. The building, dedicated on November 24, 1952, is designed for membership of 2,000 boys. It contains the William H. Nichols Gymnasium, the Thomas Worcester Auditorium, a flush--deck swimming pool with spectator facilities for 300, and games and crafts rooms. Special activities are made available to girls, women and men, as well as to adult groups when it will not encroach upon the boys' schedule. The Club also operates two neighborhood centers. The Boys' Club is a Red Feather agency and supported in part from funds raised by the United Fund of Greater Boston.

### **HEARTLAND OF INDUSTRY AND ELECTRONICS**

If a study were to be made of communities that have experienced great industrial expansion in recent years, Waltham would be found among the leaders. The city has had a minimum of difficulty accepting the changes that have taken place with the advent of the electronics era.

As most everyone knows, Waltham was the home of the world--famous Waltham Watch Company for more than 100 years. It discontinued operations early in the 1950's, but Waltham's reputation as a "City of Precision" was maintained by the continuing growth of other precision--oriented companies and was accelerated by the extraordinary industrial development along Route 128--"USA's Number One Electronics Highway."

This highway has brought to Waltham not only extensive industrial growth but industrial diversification as well. While electronics research and production dominate in Waltham, the community has some 300 firms, large and small, in other lines. Included screw machine products, grinding wheels, electrical machinery, fabricated metal products, machines and machine tools, rivets, business forms, mica products, microfilm, screw machine products, grinding wheels, gauges, batteries, jewel bearings, pumps, as well as electronic systems equipment, microwave and power tubes, experimental laboratories, radar, research and many other products and industrial activities.

### **Agriculture**

Although Waltham has long been known throughout the world as the home of high grade industries engaged in the manufacture of quality products. It has always maintained its position as an important agricultural center. Here are located the headquarters of the Middlesex County Farm Bureau. In the beautiful section of the city known as Cedar Hills is located the Waltham Field Station, a branch of the University of Massachusetts. Experiments are in progress in vegetable gardening, fruit growing and ornamental horticulture. Civic pride is strong among the residents of Waltham, and at the Field Station our citizens receive help and free information regarding the maintenance of their lawns and shrubbery and the general upkeep of the home grounds.

### **Retail**

Waltham stores are well stocked and well managed and carry a complete range of merchandise at prices as favorable as any in the large centers. Approximately 7,000 persons are employed in Waltham's approximately 350 retail outlets, on a full--time basis.

### **Financial Institutions**

There are seven (7) Financial Institutions serving the community with headquarters and/or branch operations. They include: BayBank Middlesex; Guaranty--First Bank; Pioneer Financial a Cooperative Bank; Shawmut Bank N.A.; University Bank N.A.; The Federal Savings Bank; and Sterling Savings Bank.

### **Churches**

There are twenty--one church congregations, also numerous philanthropic societies, embracing 8 relief, social service, philanthropic and character--building agencies.

### Fraternal Societies

Nearly every leading fraternal society has a least one branch in the city, while some have more than one. The stranger in the city will find here to welcome him those affiliated with his own organization.

### Hospitals

There are 4 hospitals, the Waltham Hospital, 305 beds and 33 bassinets; the Middlesex County Hospital, 170 beds; the Metropolitan State Hospital for the care of mental illness, 376 beds; and the Walter E. Fernald State School for the mentally Retarded, the oldest of its kind in this country, 700 residents.

### Waltham Housing Authority

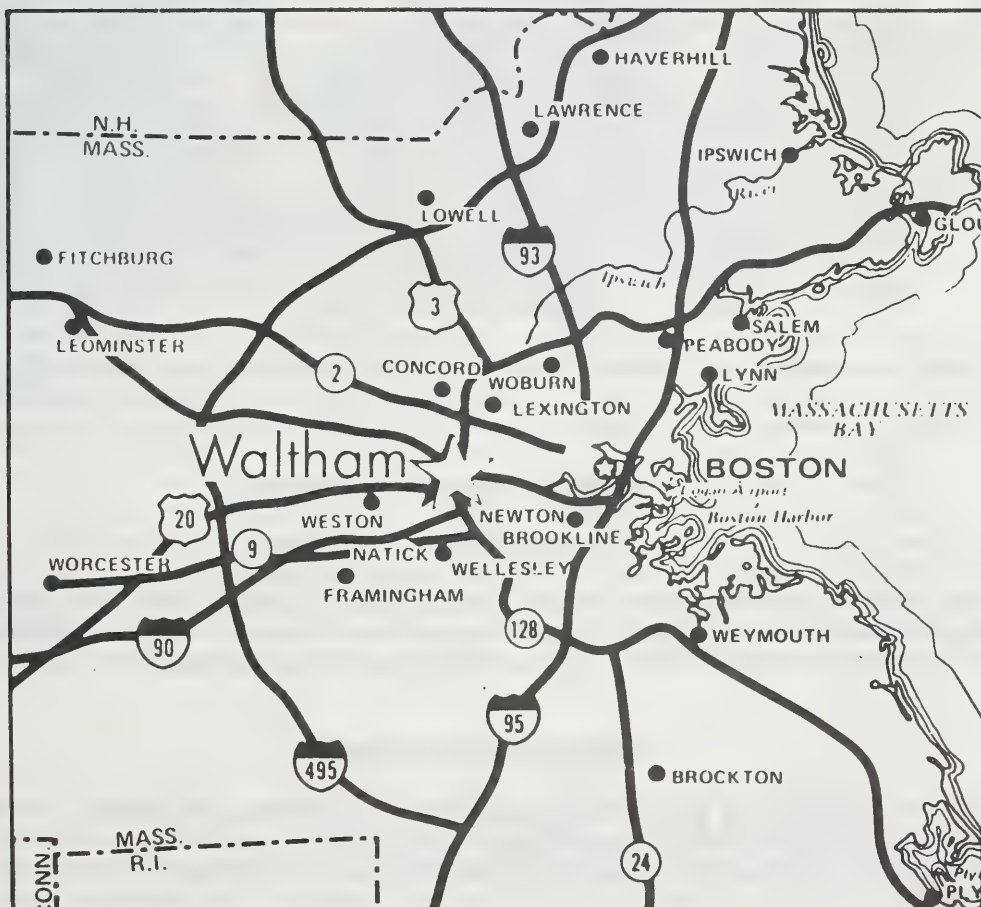

The Waltham Housing Authority, established in 1948, constructs, manages and maintains housing for families of low income and elderly persons 65 years of age and older. Rentals are based on income and family size, with Veterans preference for family size units.

Total program 1,326 units, 270 families, 464 for the Elderly. Authority is now engaged in leasing 561 units from private landlords--236 for Elderly and 325 for families.

The office is located at 110 Pond St., Waltham.

### Transportation Facilities

Waltham is situated in the fourth largest metropolitan district, which in itself insures an excellent local market for all kinds of products. It is connected with Boston by one railroad line, the Massachusetts Central and the Fitchburg Division of the Boston & Main Railroad, the latter offering excellent rail shipments to the Central, West, Far West and Northern and Canadian points. Motor truck lines add to the ease of quick shipping facilities. Together with the Watertown Branch, these three roads provide ample shipping facilities, with spur tracks available when needed. It is only a short haul by truck to tap the main line of the Boston & Albany Railroad at Newtonville providing quick rail transportation to points South and West. Inter-city bus service is provided by the Massachusetts Bay Transportation Authority (MBTA). There is also helicopter service to Logan Airport in Boston.

### Motor Routes

For the motor enthusiast, Waltham is an ideal center. Many main thoroughfares converge at Waltham Common, giving a choice of routes to the Berkshire Hills, Cape Cod, or the White Mountains. U.S. Route 20 passes through Waltham to Boston, 9 miles east. I-95 (Route 128) by-passes the city at its westerly boundary with Weston. The Massachusetts Turnpike eastern terminus is located 1.7 miles south of the Route 128--20 junction in Waltham.

### Advantages of Waltham

Waltham has splendid roads, fine schools, congenial social conditions, a rated standard of citizenship, convenience to shipping points, nearness to a market, excellent transportation facilities, sanitation above average, abundant recreation and amusement facilities, the advantages of homes in the open spaces combined with urban conveniences--these are the qualities that go to make a city desirable--and Waltham has them all.

The Waltham Chamber of Commerce, composed of over 600 business and civic leaders of the city, welcomes inquiries and will be glad to make a complete and intelligent survey of the situation for acceptable prospective industry or business.

Waltham stands at the center of one of America's greatest concentrations of electronic and space technology--nine miles west of Boston and at the apex of Route 128, which curves around Boston, and which is flanked along its Route by hundreds of industries.

With close to 300 industries within its city limits, Waltham is linked to the communities of the Route 128 industrial world by six major highways. Manufacturing is the largest employer in the city, providing over 50% of the total nongovernment employment.

Every market in the fast-growing industrial East is readily accessible from Waltham.

### Public Services

Waltham's water supply is from the Metropolitan District Commission. Practically all of the residential and business districts are connected with the sewer of which there are now over 100 miles. Disposition of the sewage is made through the South Metropolitan system.

#### I. B. E. W. Headquarters Building

The former Hamblin L. Hovey Memorial Institute, a brick structure of attractive design, is located at 545 Main Street. The building is now owned by the International Brotherhood of Electrical Workers and houses the offices of Local 1505 which services the employees of the Raytheon Manufacturing Company. In addition to these offices, the main auditorium seats 1,112. A small lecture hall, served by a kitchen, accommodates approximately 75 people.

#### Waltham Public Library

The Library building, the gift of Francis Buttrick, is a structure of beauty located close by the attractive Waltham Post Office building on Main Street. In addition to other lecture rooms, it houses the Sears Memorial Gallery which offers a meeting place for concerts by talented artists.

### **U.S. Army, Corps of Engineers, New England Division**

The Waltham Federal Center on a 93--acre plot is now occupied by the New England Division Corps of Engineers which is compiled by an Officer Engineer. The Corps is the construction agency for the Army, Air Force and other federal agencies. The Federal Record Center building was occupied in the fall of 1965.

### **Schools**

Waltham's 13 public schools have an enrollment of 5,330 pupils (10--1--89), with approximately 450 teachers. The High School and three middle schools have excellent gymnasiums and assembly halls which are extensively used by the public. The elementary schools have kindergartens and five grades. Systemwide, all of the major subject areas are offered as well as the fine arts. Among the programs available are college preparation, career education, and business and clerical training. There is also a Vocational High School and two parochial schools.

### **Brandeis University**

Brandeis University, named in honor of the late Supreme Court Justice, Louis Dembitz Brandeis, was opened in the fall of 1948 with 100 students and 13 faculty members. Today, total enrollment exceeds 2,900, plus some 800 graduate students, and represents almost every state in the nation, as well as about 54 foreign countries. There are approximately 350 faculty members. The Graduate School, opened in 1953, now offers study in 21 different areas.

**The three chapels at Brandeis University are known the world over and provide places of worship for Catholic, Protestant, and Jewish students at the 22 year--old university.**

The campus of the coeducational university covers about 232 acres, rolling upwards from the Charles River to historic Boston Rock, and contains some 65 major facilities, including a multi--building science complex and a theatre arts center, both formally opened in 1965, and a new sports center and graduate center, both offered in 1967.

During the academic year, Brandeis offers programs which attract many Greater Boston area residents to its campus. These include lectures, concerts, art exhibits and an adult education program featuring courses and seminars on a wide range of subjects.

### **Bentley College**

Bentley College, formerly located in the Back Bay area of Boston, moved to its new \$100,000,000 campus on the former Lyman Estate property in Waltham during the fall of 1968. The 44 buildings on a 110--acre tract of land include buildings comprising the academic quadrangle and a dormitory complex for male residence students.

**Located in Waltham, Bentley College was founded by Harry C. Bentley in 1917, and today is the largest institution of higher learning specializing in professional business education in New England. Bentley offers eight bachelor of science degrees, a bachelor of arts program, five master of science degrees, nine MBA concentrations, and a variety of credit and non--credit programs through its School of Continuing and Professional Studies.**

The new facilities contain a total of 1,244,500 square feet of space and can accommodate up to 8,000 students in Day and Evening Divisions.

Bentley, founded in Boston in 1917, grants degrees in accounting and finance under a curriculum that includes a judicious balance of professional and liberal arts courses.

Bentley College, one of the largest among colleges and universities in New England, has an enrollment of approximately 3,700 undergraduate and 1,700 graduate students attending Day and Evening Division programs. The College, an acknowledged leader in the field of accounting and financial management education, grants professional degrees under a curriculum balanced with liberal arts courses.

As a commitment to the future, Bentley College is developing plans to expand its academic base to offer concentrations in several other areas of study. Fully--accredited by the New England Association of Colleges and Secondary Schools, Bentley is a non--sectarian, non--profit and coeducational college.

#### **Chapel Hill - Chauncy Hall School**

The Chapel Hill School, formerly the Waltham School for Girls, now co--educational, located on Lexington Street, one mile north of City Hall, was founded in 1857 by Benjamin Worcester and was co--educational. In 1912, it became the Waltham School for Girls. The property is owned and controlled by the New Church Institute of Education. The estate embraces approximately 23 acres of rolling land with sloping hillsides bordered by a clear running stream and made picturesque by beautiful old shade trees. Chapel Hill School embraces studies in grades nine through twelve and emphasizes individual education. It specializes in working with average students who need small classes and individual attention in order to achieve their full potential.

#### **Espousal Retreat House**

Situated at 554 Lexington on 53 acres of land is the Espousal Retreat House which is conducted by the Stigmatine Fathers. The Retreat House holds weekend retreats for men, women, married couples, engaged couples, widows, separated women, single men and women, Catholics and non--Catholics and high school students. Middle--of--the week retreats are conducted for adult groups, college groups and high school seniors. Days--of--Recollection are held for adult groups, high school students, and 7th and 8th grade students; with Evenings--

-of--Recollection for men, women, married couples, single men and women, and high school students. There are also pilgrimages to the Shrine of the Holy Espousals and counselling by appointment.

#### **American National Red Cross--Waltham Chapter**

The local headquarters, located at the Chapter House, 22 Appleton Street, house all the services of Red Cross. The meeting room is also used as a classroom for the various courses conducted by the chapter. All services are conducted from this building which include Services to the Military, Disaster, Blood Program, Safety Services, Youth Services, Nursing Services and the complete Office of Volunteers.

#### **Recreation**

With parks, playgrounds and other facilities for outdoor recreation. Waltham is bountifully supplied. In the very heart of the city there is an unusually fine Common of 7.20 acres on which is located a stately as well as attractive City Hall. Prospect Hill Park is a natural beauty spot of 254 acres, such as can seldom be found within walking distance of a busy city. It is the highest elevation within the city limits and a vista of over 40 miles is obtained from its vantage points. It is provided with good roads, enticing pathways and camping sites and includes a ski slope with T Bar lift which can handle 1,000 skiers per hr. Ski instructions are offered when the ski area is operating. The State Girl Scouts have spacious grounds at Cedar Hill, left for the purpose by Miss Cornelia Warren. The grounds embrace areas with many interesting features and with an area for camp sites, on which Scout Troops from various cities of the Commonwealth locate their camp houses. There is also the High School Athletic Field of 10.50 acres and 29 active playgrounds of 65.13 acres and 5 on school sites, competently supervised--with an efficient corps of instructors. The Charles River, with facilities for boating and canoeing in the summer, and ice sports in the winter, has long been famed as a pleasure stream in New England. The Metropolitan District Commission maintains a public outdoor swimming pool staffed by qualified life guards who also instruct classes in swimming. A modern bath house has been erected adjacent to the pool. One of the largest and most modern roller skating rinks in the east is located in Waltham. Regional and national roller skating contests have brought champions to the Waltham Rollerway to compete for honors. Waltham claims some of the largest and most modern bowling alleys in New England. The facilities are available for league play and public bowling.

#### **Y.M.C.A.**

The Waltham YMCA, with offices at 725 Lexington Street Waltham, is a branch of the Greater Boston YMCA. It is primarily a social group work agency designed to meet the social and recreational needs of boys, girls, men, women and families. The YMCA owns an 85 acre wooded site at the above address. On the site at the present time is an outdoor swimming pool, year round indoor pool, offices, meeting rooms, several day camp buildings, a lighted athletic field for industrial softball, youth sports and winter tobogganing, picnic groves with fireplaces, two tennis courts also used for ice skating and hockey and other recreational facilities available to boy scouts, girl scouts, church groups, industrial and social clubs and others for outings and group activities. Camp Cabot, a summer camp program, operates four two week day camp periods with bus service for boys and girls from 6 to 12 years old, and a leadership training program for Junior High age boys and girls. The Cabot Club is a summer family membership program allowing privileges of the area and use of the swimming pool. During the non--summer months the YMCA uses its new program building for youth and adult education, social and recreational programs. The Waltham YMCA is active in community neighborhood programs.

#### **The Waltham/West Suburban Chamber of Commerce**

It is Waltham's largest and outstanding business advocate organization. Its membership embraces over 600 of the business and civic leaders of the Community. Incorporated in 1917, it has been a dominant factor in the economic vitality of this city. Theodore L. Manning is the Executive Vice--President.

# **Power of Advertising**

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

## **HEARTLAND OF INDUSTRY AND ELECTRONICS**

WALTHAM is 9 miles west from the port of Boston, situated on the Charles River, and served by the Massachusetts Bay Transportation Authority (MBTA) commuter rail and buses.

WALTHAM is an Industrial City of approximately fifty-eight thousand (58,000) population, enjoying an almost perfect balance of economy, a fine residential development of low, medium and high priced homes. A very large and diversified industrial development of electronics, machine tools, experimental laboratories, and various others in different categories of industry.

WALTHAM ranks high in the cities of the Commonwealth in family income and also high in the value of one family dwellings.

The cultural and educational facilities of Waltham are reflected in our Waltham School system, our libraries, recreation facilities and others; as well as enhanced by Brandeis University, Bentley College, the Chapel Hill Chauncy Hall School, the University of Massachusetts Field Station. In summarizing, Waltham is fortunate in possessing many of the fine advantages of a New England Community.

### **THE CHAMBER OF COMMERCE**

Through the interest and support of its business community, government and citizens, Waltham maintains an active Chamber of Commerce which continually strives to promote economic development and community progress through volunteer action.

## INSURANCE

**Don't smoke?  
You could save a pack  
of money on your  
homeowners insurance.**

One of our consumer-minded companies believes that homes where all the residents are non-smokers (cigarettes, cigars, or pipes for at least a year) are better fire risks. So they give you a break on your insurance.

It's a discount on your premium that really helps. And if you're a careful homeowner, you may qualify for further discounts.

Ask us about it.

**Talk it over with us.**

We're an independent Agent who shops for you.

# Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service — of an indefinite nature — and questionable value—to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

***Before you invest, investigate!***

# **Common Sense About City Directory Circulation**

THE TRUE VALUE of advertising circulation is  
circulation consulted.

TO BE EXACT by actual survey in twenty-four  
average American cities by actual count  
each City Directory averaged three and  
one-half consultations for each business  
day.

TO BE CONSERVATIVE we will eliminate the  
sixty Sundays and Holidays when no  
tests were made.

FOR EVERY THOUSAND DIRECTORIES sold  
there will be an average of three and  
one-half consultations for each book for  
THREE HUNDRED and FIVE days, there-  
fore  $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$ .

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

**1**

*The Alphabetical List Of Names* of residents, business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm and corporation in the community.

**2**

*A Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3**

*A Classified Business Directory* -listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4**

*A "Yellow Section" or Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

**5**

*A Statistical and Historical Story* of your city; plus miscellaneous other information.

# **Power of Advertising**

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

# USE YOUR STREET DIRECTORY FOR ...

## - *The Most Comprehensive List of Occupants By Addresses*

- BY NEIGHBORHOOD, AREA, SECTION OF CITY
- BY NEW "MOVE INS" ON EACH STREET
- BY PROPERTY OWNERSHIP
- APARTMENT OR OFFICE BUILDING OCCUPANTS
- ZIP CODES

## - *Neighbors Of Your Present Customers...*

Identifies friends, neighbors of present customers  
Permits mail, telephone or personal contact of prospects  
Identifies home businesses or professions

Identifies prospects not in telephone book  
Identifies householders  
Reveals new families in your area  
Shows renters on each street

## - *Identification - Collections - "Skip" Tracing*

Verifies home ownership and other information concerning applicants  
Lists all occupants of apartment and office buildings

Shows telephones of neighbors of "skip" for obtaining new address or information  
Shows nearby businesses who may know applicant or "skip"

## - *Deliveries And Service Calls... AVOID DELAYS -- SAVE TIME AND DOLLARS*

Verifies addresses  
Locates nonexistent or illegibly written house numbers and streets  
Shows location of intersecting streets

Shows apartment numbers and occupants of each apartment  
Permits verification of telephone orders and defeats "prank" calls

## - *Emergency Use... CLOSEST NEIGHBOR...NEAREST PHONE*

Especially helpful to law enforcement agencies, public service organizations, members of the medical profession, schools, hospitals and others where immediate contact is frequently necessary to save lives, prevent crime, apprehend criminals and in many other emergency situations.
